

AMERICAN TROOPS FIRST TO ENTER

Admiral Remey's Report On Capture of Pekin Gives Details.

CAPTAIN REILLY KILLED

Chaffee's Loss, Six Killed And Thirty Wounded In Two Days' Fighting.

ALL WIRES TO TIEN TSIN CUT.

Boston, Aug. 22.—[Special Telegram]—The American Board of Missions received a cablegram announcing the safety in Pekin of a number of its missionaries including Rev. Arthur H. Smith and wife, the latter of Janesville.

Washington, Aug. 22.—[Special Telegram]—Admiral Remey in a dispatch dated Taku, August 20, after the reporting landing that day of Dickens' command gives further particulars of the capture of Pekin, as follows:

"Pekin, August 16th.—All except the imperial building was cleared of Chinese troops. The American troops were first to enter the imperial city and penetrate to the gates of the palace.

"Captain Reilly, of the Fifth artillery, was killed on August 15th.

"On the morning of August 19th the Sixth cavalry and about 400 English and Japanese dispersed about a thousand boxers eight miles outside of Tien Tsin. About one hundred Chinese were killed and five Americans wounded.

"Chaffee's losses are six killed and thirty wounded in two days' fighting."

Sixth Cavalry All Land.

Washington, August 22.—[Special Telegram]—Gene A. Barry reports from Tien Tsin August 19th, that the horses and materials for the troops were promptly lighted at Taku and forward to the front. The Sixth cavalry is now entirely landed. The sick and wounded are doing well and everything is satisfactory.

All Wires to Tien Tsin Cut.

Shanghai, August 22.—The foreign officials here learn that the telegraph from Tien Tsin has been cut. The position of the allies is uncertain and a large body of Chinese troops has taken the field.

Tien Tsin, August 16.—About 5,000 Chinese troops, which are reported to have been at Sung-Liu-Ching, left today for Pei-Tsang, and 2,000 more Chinese troops have gone towards Tung-Chow.

Fighting In Peking Ended.

Taku, Aug. 22.—[Special Cablegram]—A Japanese report received here says the fighting in Pekin is ended.

Battle Near Tien Tsin.

London, Aug. 22.—[Special Cablegram]—Admiral Bruce today reports that there was fighting six miles south of Tien Tsin on Aug. 19.

Heavy Firing Near Pekin.

Berlin, Aug. 22.—[Special Cablegram]—A report received from the commander of the German naval battalion marching on Pekin reports the hearing of heavy continued firing northward.

BOXERS MAY BESIEGE THE ALLIES

Much Concern Among the Powers Over Affairs At Pekin.

London, Aug. 22.—The cessation of direct communication with the allied commanders in Pekin is creating alarm, nor does Admiral Bruce's telegram stating that the forbidden city was entered on the 17th do much to relieve the anxiety.

In the first place, it is pointed out that the admiral does not profess to have heard his news officially from General Gaselee, but only gives it on the authority of reports current at Taku, and we know by this time what reports from Chinese towns are worth.

Again, even if authentic, the news is four days old, and much may have happened since then. The silence of the generals lends color to a Shanghai statement that the wires to Tien-Tsin are cut, and may also explain the hurried march of the German and Italian re-enforcements to Pekin.

Have a Hard Task.

Assuming that even the sacred city and palace was captured, the difficulties of the allies are by no means at an end. Their force is, of course, more than sufficient to repel any attack which might be made upon them, whether by Boxers or by Imperial troops.

Roberts in South Africa, may have advanced too fast to effectively occupy the country behind them.

Could Lose No Time

The speed of their march was rendered necessary by the positions of the legations, for if the relief column had taken three or four days longer on the journey it might have come too late.

Still, if the Chinese troops, defeated at Pei-Tsang and Yang Tsun, should form up again, between the capital and Tien Tsin, the allies would either have to march back and disperse them or wait till that task is performed by re-enforcements from the coast, and in the mean while may find themselves virtually besieged in Pekin.

London people are additionally depressed by Minister Conger's testimony as to the conduct of the Chinese government, and his opinion that the whole movement was got up by the imperial authorities, and that the Boxers were a mere pretence.

On the other hand, it is admitted that if the emperor and the Manchu princes, and particularly Tuan, have been captured, the outlook is much more hopeful since it will be possible to find responsible Chinese authorities on whom new arrangements can be imposed.

BOERS ARE MASSING AT MACHADODORP

Eight Thousand of Them With All the Artillery Making a Stand Against the British.

Pretoria, Aug. 22.—[Special Cablegram]—Eight thousand Boers under the command of Louis Botha, Gen. Schalkenburgh, Fourie and Smith, are now at Machadodorp, one hundred and forty miles east of Pretoria, with the whole Boer artillery.

It is believed they will evacuate the place with little resistance if attacked and reconcentrate at Rush Veldt further east, whither Dewett is also moving. Paquet engaged Dewett's rear guard yesterday.

LONG STOCKINGS OUT OF FASHION

New Decree for Women Orders an Extended Sock Without Garters As the Proper Thing.

New York, Aug. 22.—While men have been grappling with the shirt waist question women have been quietly seeking emancipation from the long stocking. The result is that next season the extended sock, which will reach to just below the knee, will probably be in vogue. Thus there will be a fair exchange—the man's socks for the woman's shirt waist.

Already the alert hostlers have planned the extended sock. This will be nineteen inches long, and its ribbed top exactly like that of the man's short sock, will, in cases more or less numerous, obviate the necessity of wearing garters.

Many women this summer who were not yet sufficiently courageous to adopt the sock outright have looped the long stocking in folds and gartered it just below the knee. While this gave a measure of coolness it was not artistic, and plainly is doomed to give way to the new extended sock.

An official report from Consul Marshall Halstead at Birmingham to the state department has just brought to light the fact that American women find it impossible to buy desirable stockings in England. The usual American stocking is 28 inches long, with small ankle and trim foot. The English stocking is 24 inches long, with shapeless ankle and clumsy foot.

RUSSIA TURNS TO AMERICA FOR CASH

Nearly Concluded Negotiations for Borrowing of 300,000,000 Rubles from Insurance Syndicate.

London, Aug. 22.—It is reported in Odessa, according to a dispatch to the Daily Express, that in consequence of the strain upon Russia's financial resources owing to the Chinese campaign, a specially accredited representative of the Russian minister of finance, M. de Witte, has concluded or is about to conclude, "an arrangement with a syndicate of all the great insurance companies in the United States" for a loan of 300,000,000 rubles.

CHICAGO IS IN SECOND PLACE

According to Census Philadelphia Has About 400,000 Less Population Than the Windy City.

Washington, Aug. 22.—[Special Telegram]—A census bulletin issued today places the population of Philadelphia at 1,293,697. This gives Chicago the second place among American cities.

Would Not Work on Sunday.

Sir Donald Currie, head of the Castle line of steamers, was discharged from the service of the Cunard line in his younger and humbler days because he refused to work on Sunday.

WILLING TO WORK UP TO THE LIMIT

DEMAND FOR ROOSEVELT ALL OVER THE COUNTRY.

His Voice Has Been Strained and May Fail Again If It Is Overworked—New York's Governor Will Not Be Able to Make Many Speeches This Campaign.

Chicago, Aug. 22.—"Work me up to the limit, but do not put me over the limit until after election day," Theodore Roosevelt writes in relation to his itinerary for his coming western tour. In other words, he wants to be permitted to live until he has voted and been voted for.

Governor Roosevelt's letter was in response to a notice from here of the frantic demand for him in the west. He has to be protected by the national campaign managers against this demand and against himself. Every place that wants him simply can't have him. To find the happy medium is really becoming a serious problem for the managers.

He Will Go the Limit

His disposition is to go everywhere and speak to everybody, as he did in New York two years ago when elected governor. His voice, untrained for a campaign of open air speaking day after day, never has recovered from the strain he put on it then. He has had trouble with his throat ever since, and still has it. As he said in his letter of yesterday:

"I am not an elocutionist, but I'll go the limit while I last."

Voters Eager to Hear Him.

"Everybody in this country, I think, wants to see and hear Roosevelt," says Vice Chairman Payne. "There has never been such a demand for any speaker in the twenty years I have been connected with the national committee. State committees are trying to run his car over every inch of railroad in their states. Every town wants him. Not for a long speech," they say, "but just for two or three minutes. Let him stop, so our people can see him and just hear him say a few words from the rear platform of his car."

Angers Well For the Ticket.

"Why, if these people could have their way, instead of the two or three speeches which it has been planned Roosevelt should make he would be making twenty or thirty speeches a day. It simply cannot be done.

"And the remarkable thing about this demand for Roosevelt is that it comes just as strong from Iowa and Wisconsin and other sure republican states as it does from South Dakota or Utah, where the contest is close. I think this enthusiasm augurs well for our ticket."

WANT LICENSE FEE ON GROSS EARNINGS

Hearing of the Attorneys For Telephone Companies Before Tax Commission at Madison.

Madison, Wis., Aug. 22.—[Special]—At the hearing of the Telephone Companies before the State Tax Commission this afternoon the following companies were represented:

Wisconsin Telephone Co., by B. K. Miller, attorney.

Dane County Telephone Co., by H. C. Winter, superintendent.

Little Wolf River and Wolf River Telephone Cos. by A. L. Hutchinson, secretary and treasurer.

Eastern Wisconsin Telephone Co. of Elkart Lake, by E. W. Paulson, attorney.

La Crosse and Southeastern and La Crosse Telephone Cos., by C. H. Schweizer, secretary.

Arguments were made by each representative present, attorney Miller speaking for over two hours and treating the subject of taxation in general and taxation of quasi public corporations in particular very exhaustively. All the speakers agreed that the proper mode of taxing these corporations was by license fee on gross earnings.

Wallert Is Captured.

St. Paul, Minn., Aug. 22.—An Arlington (Minn.) special to the Dispatch says that Theodore Wallert, who murdered his wife and her four children, was discovered in a barn on the place of his sister, Mrs. Steinborn, about two miles from the scene of the crime. He was hidden under a manger, and had tramped about in the woods all the day before. He came there at night, and had breakfast with his sister. He confesses everything, but is so confused that he can tell but little about it. He will be taken to Henderson at once. The crowd who had him passed the house where the five bodies of the murdered family were lying and a number started in pursuit, intending to capture and lynch him, but the prisoner was taken away to safety by the officers. The funeral of the dead has taken place.

Regiments Have Boats.

Every German cavalry regiment is now supplied with two boats made of waterproof canvas, which, when not in use, can be folded up. Each boat will carry from six to eight men, and two boats bound together form a raft capable of bearing from twenty-five to twenty-seven hundred weight.

HOBBO CONVENTION MAY NAME DEWEY

NATIONAL GATHERING OF TRAMPS AT BRITT, IA.

"Head Pipe" Charles Noe of Illinois Is Prominently Mentioned as His Running Mate—Citizens Weary of Their Guests Before the Majority of Them Arrive.

Britt, Iowa, Aug. 22.—Britt is crowded with tramps of all degrees today. The town is theirs and nothing is denied them. Already 100 hoboes are here in attendance upon the fourth annual convention of the Fourists Union and by tonight 400 are expected. As each tramp falls off the cars he is met by a reception committee and escorted to the fair grounds where there is free food and drink. Everything is provided by the citizens of Britt and where demanded the hoboes are hauled from trains to the grounds in carriages.

Tom Way, a capitalist and leading citizen, is running the hobo quarters, while Editor Bailey of the Tribune has charge of the other quarters. A lumber car arrived yesterday afternoon filled with tramps from Chicago. Forty hoboes left Albert Lea, Minn., for Britt, but half were discovered and thrown off by the conductor and brakemen. The other half arrived here and claims provisions for all. Two negroes arrived from New Orleans, claiming to have walked all the way to the convention. Some are in rags and carry the conventional tomato cans, while others have nondescript corduroy trousers, shirt waists and remnants of silk hats.

Private caucuses held last night promise interesting political action, probably resulting in the nomination of Dewey for president, with "Head Pipe" Charles Noe of Sycamore, Ill., for his running mate.

The hoboes prefer Bryan over McKinley, just for a change in the government, no matter how it is. A platform will be adopted containing ideas on railroad legislation benefitting the tramps.

Most of the hoboes are from the north and northwest, and from here will go southward for the winter. "Red" and "Over" of Colorado, and "Fast Freight" of Kokuk, are among the leaders. "Filipino Joe," who served three years in the Third Infantry, is loudest in his denunciation of the government, and while opposing Dewey, favors supporting Debs or Altgeld. The anarchistic element is small, however, and will have little influence among the tramps, who have no intention of repeating the Coxey and Kelly armies' episodes.

Britt will entertain the hoboes two days and then fire them out of town.

The bridesmaid was Miss Zo Daggett and the best man was Ernest Pire. The young couple will be tendered a reception this evening at the home of the bride's sister where the newly wedded pair will make their future home. A large circle of friends extend congratulations.

THREE KILLED IN A FREIGHT WRECK

New York, Aug. 22.—[Special Telegram]—In a collision last night at Kensico station, on the New York Central between freights, Engineer Lauterbach, Fireman Cassidy and Brakeman Abriel were killed.

PRIEST BARS OPEN WORK SHIRT WAISTS

Father Reis of St. Louis Announces He Will Refuse Communion to Women Who Wear Them.

St. Louis, Mo., Aug. 22.—The Rev. Father G. A. Reis of St. Liberious Catholic church has taken a radical stand against the open work shirt waist. He refuses to serve communion to his parishioners who wear them to church. In an address to the sedality of young women he said:

"The young women of this parish and I will have to quit wearing these 'jiggermerig' waists with that funny business around the arms and shoulders or I will refuse to serve them communion. The fashions are becoming entirely too vulgar. No self-respecting woman would appear in public in such immodest costumes. I intend to set an example to the young women of this parish and if it is necessary to refuse you the sacraments, I will do it to stop this vulgar fashion."

SUN TOO HOT FOR UMBRELLA

Ignites and Burns an Old Shade Carried By a Farmer.

Burlington, Iowa, Aug. 22.—The terrible heat that has oppressed this region for over three weeks culminated yesterday afternoon in a startling spectacle in Jefferson street, the business thoroughfare of the city. A farmer was riding on a load of flour, when an umbrella he was holding over his head burst into flames and was consumed. The sight was witnessed by dozens of persons. It is thought that the umbrella was an old one and might have had gasoline or some inflammable grease on it which the sun's rays ignited.

HANNA SOUNDS A NOTE OF WARNING

REPUBLICAN LEADER OPENS BATTLE IN NEW JERSEY.

He Said the Party Was Confronted By a Dangerous Foe—It Must Wage an Active Campaign Against Bryan and Beware of Over Confidence.

New York, Aug. 22.—Senator Hanna chairman of the republican national committee, opened the campaign of the republicans of New Jersey at Asbury Park last night. An immense crowd, more than could be accommodated, gathered in and about the auditorium by the seashore.

The senator was roundly cheered when he entered the building. He was introduced to the audience by Frank Appleby, president of the Asbury Park city council. Senator Hanna, after thanking the audience for the hearty reception accorded him, said:

Country's Good Involved.

"I want to sound a note of warning tonight, which the importance of the campaign justifies. I want to call your attention to the duty before you, not only to individuals but to the whole country. This is a duty that is not transferable. It cannot be placed on your neighbor. It is your individual duty.

The time is at hand when every man is called on to contribute what he can to perpetuate this administration. It has been demonstrated beyond any doubt that the policy of the Republican party and President McKinley—[applause] stands for everything which means the welfare and well being of the country at large.

Must Not Miss a Trick.

"You cannot shirk this duty, because every man who has any property must feel that it is his right as much as any one's and that he must fight his own interests.

"A note of warning has come from the national republican headquarters. I am responsible for that. [Cheers.] I know the nature of the contest which is before us, and I tell you that you cannot afford to take anything for granted or to miss a trick. [Laughter and cheers.]

Must Kill Bryanism.

"We are confronted with a dangerous foe and Bryanism is in the balance, and if that is killed now it is killed forever."

"There have been two object lessons presented to the people of this country. In 1892 under a republican administration we found ourselves in prosperity, the epidemics were all busy in the factories and industries were busy on every hand. Then came a change. The people said they wanted a change, and they got it. I will not picture to you how labor was then out of employment, and how month after month it grew worse. You know all about that as well as I can tell you.

Fear of Overconfidence.

"Overconfidence is the worst feature of this campaign. No one can be blamed for confidence in what the outcome will be after three years of President McKinley, but remember that we have an enemy which may be called the cuckoo party, which is composed of men of every shade of political opinion, every crank and every nihilist. They are all against us. We must be active, and it is to impress this upon you that I am here tonight to tell you your plain duty. In conclusion let me say, you must not neglect it."

ARGENTINE REACHES OUT.

Wm Subsidize Steamers So as to Foster Trade with the United States.

London, Aug. 22.—With a view to closer trade relations with the United States, the Argentine Republic is prepared to subsidize new steamship lines between New York and Buenos Ayres. Senator Sergio Garcia Urbana, consul-general of the Argentine Republic in London, said to a correspondent:

"At present the United States is getting a very disproportionate share of our import trade. The adequate ocean freight facilities enjoyed by Germany, Great Britain, France and Spain give them a monopoly of the business with the Argentine.

"Direct communication with the United States is needed as much for passenger trade as for freight. At present the quickest way to get from New York to Buenos Ayres is to cross the Atlantic to Southampton and sail thence for South America."

BOHRMICH WILL BE THE NOMINEE

Badger State Democrats In Convention at Milwaukee Today.

IT IS A TAME AFFAIR.

Having A Hard Job To Find Men to Stand For the Nominations.

FIGHT FOR STATE CHAIRMAN.

Milwaukee, Wis., Aug. 22.—[Special Telegram]—The gathering of democrats at the Pabst theatre at noon today was not a joyous occasion for many of them. Outside of the nominees for governor it seemed a hard matter to get candidates.

Chairman George W. Peck, resigned as state chairman as he is a nominee for congress from this district. The fight for the place lies between John W. Murphy and George W. Bruce, of Milwaukee.

A canvas of delegates shows that Louis Bohmrich will be nominated for governor by acclamation.

Convention Called to Order.

Milwaukee, Aug. 22.—[Special Telegram]—The democratic state convention, which will place in nomination a state ticket was called to order in the Pabst theater promptly at 12 o'clock today by State Chairman George W. Peck. The ex-governor immediately introduced Judge Clark L. Hood of La Crosse, to act as temporary chairman.

Ex-Assemblyman Louis Lange of Fond du Lac was elected secretary, and E. L. McCoy of Lancaster and F. B. Schultz of Milwaukee were chosen as assistant secretaries. It is expected that the temporary organization will be made permanent.

Anti-Imperialism The Issue.

Judge Hood made a lengthy speech extolling the policy of the democratic party and its leader William J. Bryan. Anti-imperialism was his theme and he barely touched upon the silver.

After the judge had finished his speech as temporary chairman he appointed the usual committee on credentials, resolutions and organization. Then a recess until 2:30 o'clock was taken in order to give the committees an opportunity to deliberate and formulate their reports.

J. L. MAHONEY A CANDIDATE

The Janesville Lawyer Wants to be State Attorney General.

Milwaukee, Aug. 22.—John L. Mahoney of Janesville announced his candidacy last night for attorney general on the democratic state ticket and Prof. H. B. Hubbell, superintendent of the Beaver Dam schools and a graduate of Dartmouth, came out for superintendent of public instruction. It is likely that both will be nominated.

Attorney Mahoney will place Mr. Bohmrich in nomination and Walter Dexter of Kenosha will second the nomination. Mr. Mahoney will move that the nomination be made by acclamation and the nomination will undoubtedly be adopted unanimously.

The chairmanship contest developed into a bitter personal fight last night. Mayor Rose, Mike Dunn, John McCoy, assisted by a large delegation of city hall "statesmen" and heelers, button-holed the delegates as they arrived at the Plankinton and made all sorts of ugly charges against J. W. Murphy. It is anything to defeat Mr. Murphy.

Peppermint Oil Crop.

The peppermint oil crop was the leading feature in some neighborhoods of Central New York a few years ago and brought more money into the hands of the farmers than did the apple crop. But now the peppermint crop is mostly a thing of the past in this section, and the mint stills are kept in operation by the crop of a few acres near them. The beet sugar crop has driven the mint crop westward, for the farmers find it more profitable to raise sugar beets.

Well-Diggers' Ailments.

Well diggers are subject to many ailments besides rheumatism. The sudden and frequent changes they make from hot to cold atmosphere often bring on diseases of the nervous system. One man so employed in an eastern state recently had fifty convulsions in a single day. The trouble puzzled the physicians until they discovered that the man's nerve center was shocked by coming out of the cool earth to the hot sun.

CHARLES SMITH, a former well known Janesville boy, is here from Chicago, greeting his numerous local friends.

CORN MATURING VERY RAPIDLY

IT PROMISES TO BE AN UNPRECEDENTED LARGE CROP.

Cutting and Stacking of Oats Is About Complete—Pastures Are Growing Splendidly—Tobacco Will Be A Very Large Crop—Buckwheat Is Making Good Progress.

The mean temperature for the week was nearly the same as that of last week, being slightly higher over the northern portion of the state and slightly lower over the southern, ranging from 68° over the extreme northern counties to 80° over the southern border. There was no sudden or decided temperature changes noted, the hot weather continuing throughout the week, with only slight temporary abatement due to local rains.

The rains during the week were almost continuous over the southern counties and copious over the northern, while over the central portion of the state the showers, while very light, were frequent. The rains of the previous week left the soil so abundantly supplied with moisture that rains occurring during the past week damaged grain to a considerable extent in many localities and made it necessary to open and dry many shocks and stacks, thus interfering seriously with threshing. The frequent rains have generally placed the soil in good condition for fall ploughing, which has been commenced in many sections of the state.

The weather during the past week has been especially favorable for corn, which is maturing very rapidly and promises an excellent crop. Further advice as to the probable date of maturity confirm the estimate made last week. Some fields of early corn have already been cut.

Stacking and mowing of oats about completed. Considerable complaint of moulding, especially where put in barn early, and in some sections there is complaint of moulding due to the fact that straw was not matured at the same time as the berry, leaving the former green when cut; some complaint of damage due to excessive heat while in shock. This crop has suffered from several causes during the season, and the yield will be very unsatisfactory.

Second crop clover continues to make excellent progress, and will be one of the most successful crops of the season. Pastures are growing splendidly and furnish an abundance of feed, having practically recovered from the effects of the heated period, and are now in excellent condition.

The tobacco crop continues to make excellent progress and some early fields have been shedded. The yield will be unusually heavy and unless damaged by the weather before secured, will be of remarkably good quality.

The pea crop has been much damaged by the pea-house and in some localities by the hail during the previous week, resulting in some fields being abandoned but on the whole the season has been fairly satisfactory, and the crop much better than last year.

Fruit has been damaged by hail in some localities, especially in Juneau, Jackson, Monroe and Lincoln counties, and the outlook for apples, especially the winter varieties, is very unsatisfactory, both in yield and quality, and berries are plentiful.

Buckwheat is making excellent progress and promises a very good crop.

RUNAWAY CAUGHT BY A LAMP POST

Team Hitched to a Garden Truck Wagon Made Things Lively Early This Morning.

A team belonging to Frank Wells of Milton, made a vicious run up east Milwaukee street about 7:30 this morning. Mr. Wells is in the truck business and sells fruit, melons and other vegetables to the grocers and fruit stands around town.

This morning the team hitched to a light platform wagon was standing in front of the fruit stores in the Hayes block. Mr. Wells was dealing with the owners of the fruit stores and had left the horses waiting along scared them and they started on a run up East Milwaukee street, scattering the melons and vegetables along the street.

There was quite a number of rigs on the street, but the runaway went by without hitting anything and kept on up the hill. At the corner of East Milwaukee and Wisconsin streets they struck a lamp post, breaking the pole and evener and damaging the harness.

The horses were tangled up in the wreckage and wound around the lamp post and were stopped and held by some bystanders.

The soothing and healing properties of Chamberlain's Cough Remedy, its pleasant taste and prompt and permanent cures, have made it a great favorite with the people everywhere. For sale by Smith's Pharmacy, next to P. O., Kodak agents.

FIND BOGUS MINT IN CAVE.

Gang of Counterfeiters Run to Earth at Sodas, Mich.

ONE BETRAYS HIS COMRADES.

He Had Been Caught While Passing Bad Coin—Ten Officers Surround a House and Capture Their Men—Police Believe Another Band Is in Indiana.

St. Joseph, Mich., Aug. 22.—A counterfeiters' mint equipped with an elaborate outfit for the manufacture of spurious coin has been discovered in a cave at Sodas, Mich., a small village located six miles east of this city on the Big Four railroad. The opening to the cave was cleverly concealed by a large heap of cornstalks and it was only through the arrest of members of the gang that the discovery was made possible.

The three men arrested are Clyde Churchill and Richard and Joseph Brant of Sodas, and they formed a well-organized gang that has flooded southwestern Michigan and northern Indiana with bad money. They were taken before United States Commissioner James O'Hara and held in \$2,000 bail each to await the action of the grand jury, which will meet at Grand Rapids in October. Being unable to furnish bail, they were locked up at the county jail in this city.

Counterfeiters Are Arrested. For three years worthless coins have gained widespread circulation in this locality and on several occasions the nearby country districts were invaded by the fearless gang, who flooded southern Michigan and northern Indiana with their product. Last week Sheriff E. H. Ferguson was informed that a large number of 5 cent and 50 cent pieces had been freely circulated in the country. The sheriff began an investigation and on Saturday morning Clyde Churchill was arrested while in the act of passing bad coins. The evidence against the young man was of such a strong and direct nature that he finally weakened and confessed the crime, implicating the Brant brothers as his associates in the unlawful pursuit of coinmakers.

Last evening Sheriff Ferguson, with several deputies, appeared at the Brant home in Sodas, and while the dwelling was surrounded with ten officers Mr. Ferguson placed the accused brothers under arrest. The mint, which was well supplied with molds and all other necessary tools, was discovered in a cave near the Churchill residence.

Churchill Tells of Their Work. At the preliminary hearing before Commissioner O'Hara this afternoon Churchill told the story of the crime. He said: "Dick Brant came up to me one day and said he had a scheme to make us both rich. When I had promised to keep my mouth closed to everyone he told me he knew where we could get a coin outfit cheap. 'Why,' said he, 'all you've got to do is to turn out the coins and Joe and I'll pass them off.' I hesitated pretty much, but finally gave in. No; we haven't got rich out of it."

Churchill is rather an intelligent-looking young man. He is 22 years of age, of medium height, dark complexion and quite handsome. He has the appearance of a swell. His testimony weakened the resolution of Joseph Brant, who, after some hesitation, acknowledged the truth of Churchill's statements. The other Brant remained unmoved and denies any connection with the affair.

It is believed that the three young men arrested only represent the Michigan members of the gang.

Farmers in Convention. Colorado Springs, Colo., Aug. 22.—The high school auditorium was crowded with delegates and spectators at the opening session of the twentieth farmers' national congress. Although many of the delegates have not yet arrived, it is expected that fully 700 will attend, representing every state and territory. R. G. F. Candage of Brookline, Mass., acting president, called the assemblage to order and delivered the annual address.

See a Car Kill a Little Girl. Chicago, Aug. 22.—In the presence of 100 terror-stricken bystanders Blanche Corbell, 4 years old, was instantly killed by an electric car while crossing the tracks of the Chicago General Railway company at West 22d street and Avers avenue. She was dragged 200 feet before the car could be stopped.

Peculiar Drowning Accident. Danville, Ill., Aug. 22.—Ed Cassidy, a well-known young man of this city, was drowned while bathing in the Vermillion river. His remains floating in the river were seen by Robert Leverenz, who plunged in after the body. He was seized with cramps and was also drowned in the sight of hundreds who lined the banks of the river.

Duel to Death with Rifles. Fort Worth, Tex., Aug. 22.—Gabe and Cyrcero Copeland were instantly killed in a duel with John and Charles Baker, in Polk county. The men battled at twenty paces with Winchester. Both of the Bakers were badly wounded in the shoulders and groin and may die. The origin of the trouble is due to family affairs.

Cave-In Kills Six Men. Guthrie, O. T., Aug. 22.—Six men lost their lives by the caving in of a well. They were Howard Ellis, E. T. Sharroth, H. R. Wales, Jerome Hill, S. R. Stude and John Meade.

TRIED TO CAPTURE THE TOWN

Four desperadoes precipitated a hot fight in West Virginia.

Wheeling, Aug. 22.—Yesterday afternoon at Hundred, Wetzel county, this state, four men named Condy came in from the country, got drunk and proceeded to take the town. When Officer William Hought attempted to arrest them they knocked him down and beat him badly. A posse of citizens then appeared on the scene, but the desperadoes fired on them with Winchester. The posse fired back, shooting and capturing three of the Condis. The other escaped and is still at large.

Among the persons injured are: William Hought, shot through the arm; Newton Roberts, shot above the ear; E. Van Horn, shot in the arm; Chas. Tennett, shot in the leg. Others were wounded, but their names could not be learned.

Sun Too Hot for an Umbrella.

Burlington, Iowa, Aug. 22.—The terrible heat that has oppressed this region for over three weeks culminated in a startling spectacle in Jefferson street, the business thoroughfare of the city. A farmer was riding on a load of flour, when an umbrella he was holding over his head burst into flames and was consumed. The sight was witnessed by dozens of persons. It is thought the umbrella was an old one and might have had gasoline or some inflammable grease on it which the sun's rays ignited.

ANOTHER STRAW.

All the political eyes point in one direction this year. Another "indication" comes in the form of a dispatch from Carbondale, Ill., saying:

Carbondale, Ill., Aug. 20.—Five prominent citizens of this city who in 1896 were supporters of Bryan have publicly said they would support McKinley and the ticket this year. J. W. Hanford, a prominent merchant and for years a traveling man, leads the list the others being Judge W. P. Lightfoot, Capt. J. W. Toler, who was postmaster under President Cleveland; Charles Thomas, a blacksmith and life-long democrat; and E. K. Porter, the leading druggist of this city. Republican leaders claim that in the country the changes are equally as startling, and that the vote will swing over four years ago. The McKinley-Yates club has a membership of 185 active, energetic republicans.

Thus is the "same old story" repeated. From all parts of the country comes the same sort of news, and everywhere the prediction is the same—"the republican majority will exceed that of four years ago."

Fire protection should certainly be provided for the Choate-Hollister furniture company. The concern has a large amount of money invested, and is a great benefit to the town. The company was organized and began business without asking the citizens of Janesville for a penny. It is one of the substantial growing industries of the Bower city, and should be accorded every reasonable favor. If the fire well built by the council's order by the Fire and Water committee and Chief Spencer does not fill the bill, something else should be tried. The company is entitled to fire protection, and should certainly have it.

It has come to pass. Mr. Buckley's power is felt. The unwilling knee has been bended. The local Bryanite organ has at last been forced to recognize the rule of Boss Buckley, and now presents his name as the candidate of Rock county for official position in the event of the election of a democratic governor.

The latest sea serpent story comes from Kalamazoo—pity 'tis 'tis true, but true 'tis, 'tis Kalamazoo—and says that the serpent "has a face like Aginaldo." It is now up to Oshkosh again, and we would suggest that a reporter be sent out on Lake Winnebago with instructions to see a sea serpent with a tail like the tales Edward Atkinson tells.

Senator Stewart, one of the "silver republicans" who supported Bryan four years ago, and helped manage the Nebraska campaign, has declared his intention of voting and working for McKinley. One by one the wanderers return and Bryan gets no converts to take their places, either.

The harmony idea appears to be contagious. H. A. Whipple of Baraboo, who was mentioned as a possible candidate for the democratic nomination for State Superintendent of Schools not only declines to serve, but declares in favor of the republican nominee, Prof. L. D. Harvey.

A Chicago concern is now building steamers for use on the Atlantic ocean—another evidence that "Westward the star of empire" etc., etc.

The politicians may think they are more or less scientific, but the Hon. J. Pluvius still holds the felt as the champion wire-puller.

The scramble for the part of the unaffiliated Bryanites for front seats on the Bohmrich hayrick was in the nature of a stampede.

Buffalo Bill's Rough Riders appear to be the real thing, as the people of Prairie du Chien will doubtless testify.

And it may be also said that Mr. Buckley has the Rock county democracy Bohmriched.

JOHN ADAMS.

Only Vice President to Officially Declare Himself Elected President.

John Adams alone, of all the presidents, made the official announcement of his own election to the presidency. As vice president, he presided over the joint convention of the two Houses of Congress, in January, 1797, opened the certified returns of the electoral vote and declared the result—"71 votes for John Adams and 68 for Thomas Jefferson." He went on to say that the whole number of votes was 139, of which seventy was a majority and therefore the person who received seventy-one votes was elected president, and the person who had sixty-eight votes was elected vice president. Having said this much, Mr. Adams sat down, as if to give opportunity to dispute the count, but remained seated only a moment, amid deep silence, when he arose again and, promising that he spoke in obedience to the constitution and laws of the United States, and to the will of Congress, he said: "I declare that John Adams is elected president of the United States for four years, to commence with the fourth day of March next. And may the Sovereign of the Universe, the Ordainer of civil government on earth, for the preservation of liberty, justice and peace among men, enable both to discharge the duties of these offices conformably with the constitution of the United States, with conscientious diligence, punctuality and perseverance." There was manifest no disposition to shirk the responsibility and no thought that it was indelicate or presumptuous to make the official announcement himself. It is different now. The presiding officer of a public meeting of any kind is so constrained by modesty that he refuses to put before the house a motion appointing himself to any honor or station.

PECULIAR GIFTS.

An Author Received Adverse Criticism on His Works.

The Pittsburg Bulletin has collected a few stories of strange wedding presents. Even at a marriage feast, as it seems, there will sometimes be the envious, or the jealous, or the malicious. A well-known author received from a rival man of letters a scrap-book containing a collection of all the adverse criticisms his works had ever received, while a popular artist was presented with a set of elementary works upon self-instruction in drawing and painting. Not long since a gentleman, who is a passionate devotee of hunting, received as a bridal gift from an anonymous donor a complete set of false limbs, a set of artificial teeth, and a couple of glass eyes—the whole of which must have cost a considerable sum—accompanied by a note, the writer of which trusted that, by reason of the recipient's many falls while following the hounds, some or all of these substitutes would ultimately prove of use. An elderly tradesman, on espousing a spinster of mature age, was presented by a London undertaker with two coffins for himself and wife, "which, unlike most of the other offerings you will receive, are sure to be of service." The bridegroom resented this singular, if useful, gift, and it took all the efforts of mutual friends to prevent a breach of the peace. Equally vexatious was the gift received from his neighbors by an infirm octogenarian who wedded a pleasure-loving woman more than fifty years his junior. It was a large brass cage, "intended"—so ran the subscribers' note—"to restrain the wayward flights of a giddy young wife who has married a decrepit old fool for his money." The husband of a lady whose great beauty hardly atoned for her sharp tongue found among his wedding presents a scold's bridle or branks—a gift from his wife's sisters, with the hope that, "if Kate makes your life as unbearable as she has made ours, you will not hesitate to put the accompanying offering to its original use."—Youth's Companion.

Fancy Swimming.

The latest thing in fancy swimming is that done by Miss Lydia Winterhalter of Milwaukee, who is now visiting in Chicago. On a wager she recently swam for forty-one minutes holding an open umbrella over her head all the time. She swam into deep water with the umbrella in the right hand. Sometimes she swam on her back, sometimes on her face, and again sideways, without ever changing the hand which held the incumbrance.

Gen. Chaffee's Odd Names.

General Chaffee rejoices, or maybe he doesn't, in the queer names of Adna Romanza. There is a great deal of speculation as to how he came by romantic cognomens. His people were plain, unromantic farmers in central Ohio, people not usually given to searching for absurd names for their children. However, General Chaffee is so good a soldier that it doesn't make much difference what his front names are.

Policeman Gets a Licking.

They have bright policemen in Kansas. At Seneca Robert Bell went to the town marshal and told him that Steve Riesterer was hunting for him (Bell) with the view of giving him a licking. While the men were still talking Riesterer came up and knocked Bell down and administered the licking before the officer could interfere. Which shows that often we wot without knowing what we are getting.

Hospitals for Lepers.

In the time of Louis VIII. there were 2,000 hospitals for lepers in France, and about 19,000 in Europe. Professor Virchow declared at a recent conference in Berlin that he does not believe in the contagiousness of leprosy.

Tall Man Too Light.

They are mighty particular at West Point and they do some queer things to candidates for admission. One applicant who said he was a lieutenant in the Illinois national guard was rejected the other day because he was too light. He was 6 feet 4 inches in his stocking feet.

Ice cream and cake were served and the refreshment tables were liberally patronized.

Last Excursion of the Season to Lake Geneva. Excursion to Lake Geneva, via C. & N. W. R. Tuesday, Aug. 28. Fare \$1.00 round trip. Train leaves Janesville 8:20 a. m., returning arrives 8 p. m.

The convention for the First Assembly district was held in the common council chamber. The representation was as follows: City of Janesville, First ward, (10); Second ward, six, (6); Third ward, ten, (10); Fourth ward, eight, (8); Fifth ward, four, (4); town of Janesville, three, (3); town of Rock, three, (3); town of La Prairie, three, (3). The whole number of votes was therefore 47, and the number necessary for a choice was 24.

C. L. Valentine's nomination was, of course, a foregone conclusion, the caucus results having been decisive.

T. S. Nolan, chairman of the county committee, called the convention to order.

Mayor V. P. Richardson was elected chairman, and A. E. Tanberg secretary. W. H. Appleby, U. G. Waite and H. L. McNamara were appointed a committee on credentials. The committee's report was adopted.

W. H. Appleby presented the following resolution:

Resolved, That the republicans of the First assembly district, in regular convention assembled for the purpose of nominating an assemblyman to represent this district in the legislature of Wisconsin, instruct and direct the nominee of this convention as the representative of this district to vote for and use all honorable means to secure the passage of a law abolishing caucuses and conventions, and giving to the voters of each party the right to nominate all candidates by direct vote under the Australian ballot at a primary election.

Be it further Resolved, That the acceptance of the nomination at the hands of this convention be deemed as a direct pledge on the part of the nominee to faithfully perform all the promises made by the party in its state platform and obey the instructions of his convention.

The resolution furnished the theme for quite an extended debate. Mr. Appleby defended the idea while T. S. Nolan, J. L. Bear, W. J. McIntyre without discussing the merits of the action, questioned the expediency of, passing the resolution at the present time. The motion was put and the chair held it carried, but a standing vote was asked for. The vote stood 13 for and 11 against its adoption. The resolution was therefore declared adopted.

W. H. Appleby presented the name of C. L. Valentine and H. L. McNamara of the First ward, moved that the secretary be instructed to cast the ballot for Mr. Valentine. The motion was adopted without dissent.

T. S. Nolan moved that a vote of thanks be tendered to Hon. W. G. Wheeler in recognition of his splendid services in the legislature. Mr. Nolan paid Mr. Wheeler a pretty compliment, referring to him as "one of the ablest young men in Wisconsin."

Mr. Wheeler was called on and expressed his thanks to the convention.

The chair appointed an assembly committee as follows: George Scarcliff, Janesville; U. G. Waite, Atton, and Stuart B. Huddles, Janesville.

W. H. Appleby and T. E. Welsh were appointed a committee to notify Mr. Valentine of his nomination. Mr. Valentine appeared before the convention, and accepted the nomination, with thanks, in a few well chosen words.

EDWARD PETERSON WON HART MEDAL

DEFEATS GEORGE BROWNELL BY A SCORE OF 108 TO 122.

Match Play Between Members of the A and B Classes—Tomorrow a Team Will Go to Rockford to Play a Return Match—Those Who Will Attend.

Edward Peterson won the Hart medal in the finals on Siniissippi links yesterday afternoon by defeating George Brownell four up and becomes the owner of the handsome trophy. This medal is not a club fixture and became the property of the winner in this contest.

Both contestants had a handicap of ten making the game an even thing as far as the handicap was concerned. Their score was as follows:

Ed. Peterson—9 4 6 7 5 5 7 8—58
George Brownell—7 5 4 6 6 5 3 8—50—108

Out—11 4 4 8 7 5 1 7—57
In—8 12 11 5 7 4 6 9—122

The program also included match play between members of the A and B class players for positions on the teams. Very few of the B class men were present and the contest narrowed down to a few members of the A class. Some of the best scores ever put on the grounds in match play were made in this contest.

The scores are as follows: Al. Schaller 87; F. E. Fifield 93; J. P. Baker 87; C. C. MacLean 89; H. G. Carter 90.

After the match play was finished a number of the members enjoyed a picnic supper.

Tomorrow a team of the Siniissippi club will go to Rockford and play a return match with the Forest City team. The Rockford club is not satisfied with its showing on the Siniissippi course and are confident that they will be able to hold the visiting team down to lower figures or possibly defeat them.

The home players will have to put up a good game, the Rockford course being new ground and the fair green is not to be compared with the home course and good lies are an exception.

The Forest City club is making great preparations for the reception of the visitors and a pleasant time is assured to all who attend. Luncheon will be served at the club house and in the evening a party will be held in honor of the visitors.

The Janesville party will leave on the C. & M. St. P. railroad at 7 o'clock and 3:40 and can return from Rockford at 6:15 p. m., or on the special coach that will be attached to the freight train at 1 o'clock at night. A rate of a fare and a third has been made by the company, good for any train during the day.

Among those who will attend from here are:

Messrs. and Mesdames—J. P. Baker, F. E. Fifield, H. V. Allen, F. B. Echlin, H. M. Pulkner, C. L. Fifield, Charles F. Achterberg.

Misses—Jenny Baker, Alice Shearer, Catherine Fifield.

Messrs.—Ross King, Frank McNamara, Geo. Fifield.

The Siniissippi club will be represented at the Milwaukee tournament by Albert Schaller. He is playing in good form and should be in on the finals.

BIG BEAR KILLED

In Colorado by Miss Mary Mannering, the Actress.

Mary Mannering who is on a hunting trip in Colorado with her husband, James K. Hackett, shot a bear on July 1, says the New York World. In a letter to Wilbur Bates she writes that bruin weighed about 300 pounds. He had been nosing about their camp several days, frightening their horses and driving the dogs into a panic. Bruin's visits were made at daybreak. The guides baited traps for him, but he was too wary. The morning of July 1 they were awakened by the barking of the dogs. Their guide saw the bear in a gully. Calling the Hacketts, he stationed them near the head of the gully, and with the dogs he drove the bear toward them. Hackett gave his wife first shot. When the bear was about 100 yards from her across the draw Miss Mannering fired, hitting the bear in the shoulder. Mr. Hackett fired, the bullet lodging in the bear's neck. The second shot fired by Miss Mannering completely disabled the bear, and close-range shots ended his career. The guides removed his pelt and the party feasted on bear steak. Mr. Hackett, in a letter to Mr. Bates, writes: "Just a line to say we are both well. We are encamped 8,000 feet above the sea. We are three days' ride from Glenwood. Our outfit consists of nineteen horses and pack mules. We are living in tents; are both feeling remarkably well. We will probably remain about three weeks longer. We have just finished our bear steaks and are breaking camp to go twenty miles further into the woods."

LATE TELEGRAPHIC NEWS..

RULER MAY BE SEIZED.

Troops Said to Have Overlaken the Empress.

THE INNER CITY IS TAKEN.

A Strong Chinese Army Has Taken the Field—Governor of Shanlung, Who Was a Strong Friend of Foreigners, Is Dead—Americans First Into Sacred City.

Shanghai, Aug. 22.—Indefinite reports are received to the effect that the Japanese cavalry who went in pursuit of the empress and her party have surrounded them. The empress has a great quantity of the imperial treasure in her possession.

Tientsin, Aug. 22.—Anxiety is felt here over the position of the allies in Pekin. Large forces of the Chinese are appearing on the road between Pekin and Tientsin. A strong army has taken the field. The telegraph from Tientsin has been cut.

Shanghai, Aug. 22.—Yuan Shi Kai, the governor of Shan-Tung, is dead. He was a strong friend of foreigners.

London, Aug. 22.—The flags of the allied powers now float over the imperial palace in Pekin, after a hard fight lasting some thirty-six hours. The foreign troops, aided by 4,000 armed native Christians, carried the sacred city last Friday. As in the case of the taking of the Tartar city, the walls had to be breached with dynamite.

The first details of the capture of the Tartar city and the rescue of the legations, received here during the night, show that the American troops were the first to raise their flag on the walls. The first man up was Musician Titus of Company E, Fourteenth United States Infantry. He scaled the walls by means of a rope, and the others followed.

Allies in Sacred City. London, Aug. 22.—The following dispatch has been received from Rear Admiral Bruce:

"Taku, Aug. 19 (Sunday). The allies are reported to have entered the sacred city of Pekin, Friday, Aug. 17."

ALLIES CALL FOR AID.

Forced March Being Made to Re-enforce the Forces Now at Pekin.

Rome, Aug. 22.—A cablegram has been received from the commander of the Italian warship Fieramosca, at Taku, stating he had dispatched 400 marines to the aid of the allies at Pekin.

He did this, he explains, at the request of the allies at Pekin, who sent urgently on Saturday for reinforcements. They asked for troops, but all that could be spared were the Italian marines. No further reinforcements have been sent north from Taku, because there are no soldiers there that can be spared.

The Italian commander reports (his report is corroborated by Japanese official dispatches) that fighting was still going on in the streets of Pekin. London, Aug. 22.—Dispatches from Tientsin say that, in response to urgent calls for reinforcements, German, Austrian and Italian troops are now being hurried by forced marches to Pekin.

Very few men can be spared at Tientsin, for the eighty miles between there and Pekin must be kept open and clear of hostile Chinese and Boxers, the latter still making occasional forays along the route and proving extremely troublesome.

ENTRY TO PEKIN.

Correspondent of a Chicago Paper Tells the Story.

Chicago, Aug. 22.—The Record today prints the following special cable from a staff correspondent:

Pekin, Friday, Aug. 17 (via Shanghai, Aug. 21).—Contrary to the agreement of the allied commanders, the Russians advanced and occupied the first door of the east gate early in the morning of the 14th (Tuesday), but failed to force the second door.

At 2 o'clock on the afternoon of the 14th the British and Americans entered the gate near the legations, and met with only slight resistance.

The Japanese met more serious opposition at the upper east gate all day. At midnight on the 14th they blew up the gate and entered the city. Many Chinese were killed.

The people in the legation were well, but somewhat starved. Minister Conger said: "They tried to annihilate us the day before you got in. Prince Ching, president of the tsung-li-yamen, sent word that his officers had received orders to cease firing on us under pain of death."

"At 7 o'clock in the evening of the same day the Chinese opened fire, and they continued all day. If the relieving column had not arrived we would have succumbed."

"The Americans lost seven marines killed and fifteen wounded and one child died. The whole movement is purely a governmental one. The Boxers are only a pretense, having no guns. The confidential adviser of the empress was the leader of the imperial troops here."

"In eleven days over 2,000 shells fell among us. The American marines under Capt. Myers held a position on the wall throughout the siege. Upon the allies passing the wall, the Chinese retreated."

"The imperial family left four days

ago for Shan Si province. It is estimated that the strength of the Pekin garrison was 10,000 men. The legation was urged to leave the city under an escort of Chinese troops, but refused, fearing treachery.

"The Chinese in the imperial city made a stout resistance. After shelling them, the allies succeeded in forcing the gate and entering the city about noon on the 15th."

"The American loss in this action was the greatest. Capt. Reilly of the Fifth artillery was killed."

In an interview with Sir Claude MacDonald, the British minister states: "The Chinese broke every engagement with the foreign ministers. There is no truth in the story that the imperial palace supplied the legations with food. They sent vegetables which were refused. The total casualties during the siege of the legations were 67 killed and 120 wounded."

CONGER'S MESSAGE.

State Department Receives Another Dispatch from the Minister.

Washington, Aug. 22.—The state department makes public the following extracts from a cablegram received last night from Minister Conger:

"United States Legation, Peking (undated), via Chefoo, Aug. 20.—Secretary of State, Washington.—Saved. Relief arrived today. Entered city with little trouble. Do not yet know where imperial family is. Except deaths already reported, all Americans alive and well. Desperate efforts made last night to exterminate us. Mitchell, American soldier, and a Russian and a Japanese wounded, German killed. Advise Woodward, Chicago; Conger, Des Moines; Sims, Council Bluffs; Conger, Pasadena; Porter, Paris."

"CONGER, by Fowler, Chefoo." The cabinet today decided to reject the latest appeal from Li Hung Chang for a cessation of hostilities. The reply will be communicated at once to the Chinese government with a statement of the reasons for the action of this government. The rejection is based on the noncompliance of the Chinese government with the specific provisions of the declaration of the United States under date of Aug. 12.

It is understood that this government has received an extended communication from Minister Conger, giving much later and fuller advice than those thus far received. The text of the message will not be made public at present. The state department also has received a dispatch from Consul Fowler of Chefoo, but it deals with technical features, and it is stated that for this reason it will not be given out. It is said it sheds no new light on the situation at Pekin.

EMPEROR MAY HAVE ESCAPED. If She Is at Sianfu She Is Beyond Reach of Allies.

London, Aug. 22.—According to a dispatch received by the admiralty from Rear Admiral Bruce, the allies entered the sacred city of Pekin Friday.

If the Chinese government is at Sianfu there is no means of getting at them, according to the military men, without a prolonged campaign, and with an army as large as Lord Roberts' to secure the bases of communications.

Advices from the provincial capitals show that the attitude of the southern mandarins has been friendly since the allies reached Pekin. Some of the magistrates have been issuing proclamations commanding the Chinese to attend to business, to avoid sedition and acknowledging that the invasion of the foreigners is justified.

FOUGHT 20,000 BOXERS SIX WEEKS. Catholic Missionary and 6,000 Converts Rescued at Pitsang.

New York, Aug. 22.—A dispatch to the Herald from Tientsin, via Shanghai, says:

Father De Hets, a Lazarist missionary, has arrived here. The village officials sent Father De Hets west, he, with 6,000 converts, held out for six weeks against Boxers armed with rifles and swords.

They numbered 20,000. They intended blinding or killing the whole population.

The village officials sent Father De Hets word that he must leave China, but, with a few rifles and a small cannon, he held on till Gen. Sung sent word that the Christians would be spared, but that they must disarm and Father De Hets must leave for the coast.

He was escorted to Gen. Ma at Pitsang and had been there for three days when Pitsang was taken.

The remaining converts were given one week's food by Gen. Sung, acting under orders from Pekin.

The Boxers obeyed his orders.

Chinese Mobs at Amoy. Washington, D. C., Aug. 22.—The Japanese Legation has received a dispatch from the Japanese consul at Amoy, saying that Chinese mobs continue to work devastation in that neighborhood and have destroyed several churches.

Sultan Orders Investigation. Constantinople, Aug. 22.—The sultan has ordered a committee to investigate the recent massacre of 200 Armenians in the Sassum districts of Asiatic Turkey. In the meantime his majesty has relieved Ali Pasha of the command of Bitlis.

SEVEN KILLED IN A WRECK. Others Aboard Ill-Fated New York Trains Missing.

A FREIGHT TRAIN COLLISION. Accident Happens at Kensico, N. Y.—Members of the Crews of Both Trains Lose Their Lives—Engineer of Second Train Ran Past a Block Signal.

New York, Aug. 22.—In a freight train collision at Kensico, N. Y., seven persons were killed and others are missing. Kensico is on the Harlem division of the New York Central railroad, about sixteen miles from New York.

At 8:30 p. m., while a freight train was standing at the depot, a second freight dished into the rear end of it. The engine of the second train smashed the caboose of the first train and then turned over.

Reports from the scene of the accident say the engineer and fireman of the second train and the conductor and two brakemen of the forward train are dead under the wreck, and that two others of the train crew are also buried in the debris and others are unaccounted for.

So far as can be learned the accident was caused by the engineer of the second train running past a block signal which was set against him. The engineer was William Sangerbach of New York, and his fireman was John Cassidy of New York.

Two Men Killed in a Collision.

Tazewell, Va., Aug. 22.—Two men were killed and seven injured in a wreck at Maxwell on the Clinch Valley division of the Norfolk and Western road. The dead are: W. O. Allen, engineer; M. B. Marshall, fireman. Five trainmen and two men who were stealing a ride were among the injured. The accident was caused by a light engine running into a fast freight on a curve.

AN INCENDIARY FIRE.

Loss of Life and Property at Peoria, Ill.

Peoria, Ill., Aug. 22.—One fireman was killed, five others were injured, and property worth \$30,000 was destroyed by two fires here, the work of an incendiary. Fire was discovered in the plant of the Peoria Lounge and Mattress company, corner of Fayette and Water streets. A general alarm soon had all of the fire machines of the city at the scene of the fire, but the plant was practically destroyed.

The loss will reach \$25,000 on stock and machinery, and \$5,000 on the building, an old frame structure. The insurance on building and contents will reach \$15,000. During the fire Pipeman Philip Distler and Fred Brodbeck were thrown from the roof of a two-story building adjoining the fire. Distler's shoulder was broken and Brodbeck was badly bruised. An hour afterward Carroll's icehouse, only 200 yards from the scene of the first fire, was discovered in a blaze. This was the fiercest of the two fires. At the end of an hour's fight the roof of the building fell in. Captain Barney Manning and Pipeman Michael Gibbons and Harry Palmer had entered a door of the burning building and were holding a stream of water on the fire when the walls toppled over. Captain Manning was instantly killed. Gibbons and Palmer were buried under the walls, but were soon dug out by their companions. Gibbons had both legs broken below the knees, while Palmer escaped with a few bruises.

Ladderman James P. Lynch was struck by a falling timber and badly hurt.

Walked Off a Moving Train. Brazil, Ind., Aug. 22.—Lizzie Smith, a well-known young woman of this city, has the distinction of being the only woman in the state to jump from a passenger train running thirty miles an hour. She was returning to the city over the Chicago and Eastern Illinois Railroad from Momence, Ill., when she fell asleep, and while in a somnambulant state left her seat and walked off the train. A brakeman saw her and stopped the train, expecting to find the girl dead, but fortunately he was mistaken, as she received only slight wounds and was able to resume her journey.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended, and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering. Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes open the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the conveniences and comforts of modern travel.

During the civil war, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases that the army had to deal with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Green Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by Smith's Pharmacy, next to P. O., Kodak agents.
